65% of in-store clients declare having engaged with brand.com before store visit

1. ENSURE ADOPTION

Strong change management program

- Coaches
- Workshops
- Communication plan
- Organizational impact analysis

Target population

- Top Management
- Management Business and IT
- HR

2. TRAIN ALL IMPACTED TEAMS

360 training approach

- Coaches
- RTE
- Training sessions

Target population

- PM
- PO
- SA
- Scrum Master

3. MAKE IT A REALITY

Timeframe

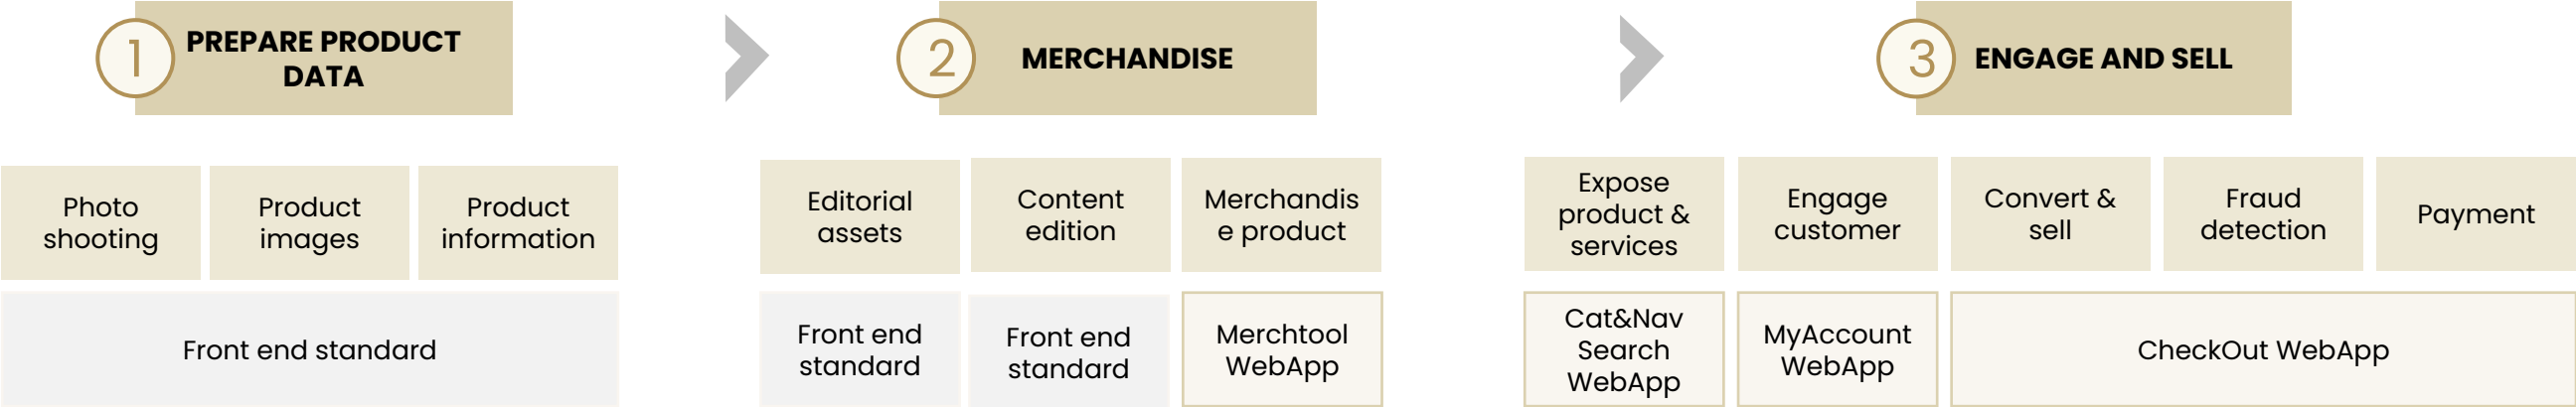

- PI : 3 months
- SP: 5*2 weeks
- Sprint IP

Purpose

- End to end **value chain coverage**
- Client oriented, bringing tangible benefits
- Value-driven prioritization of EPIC

Organization

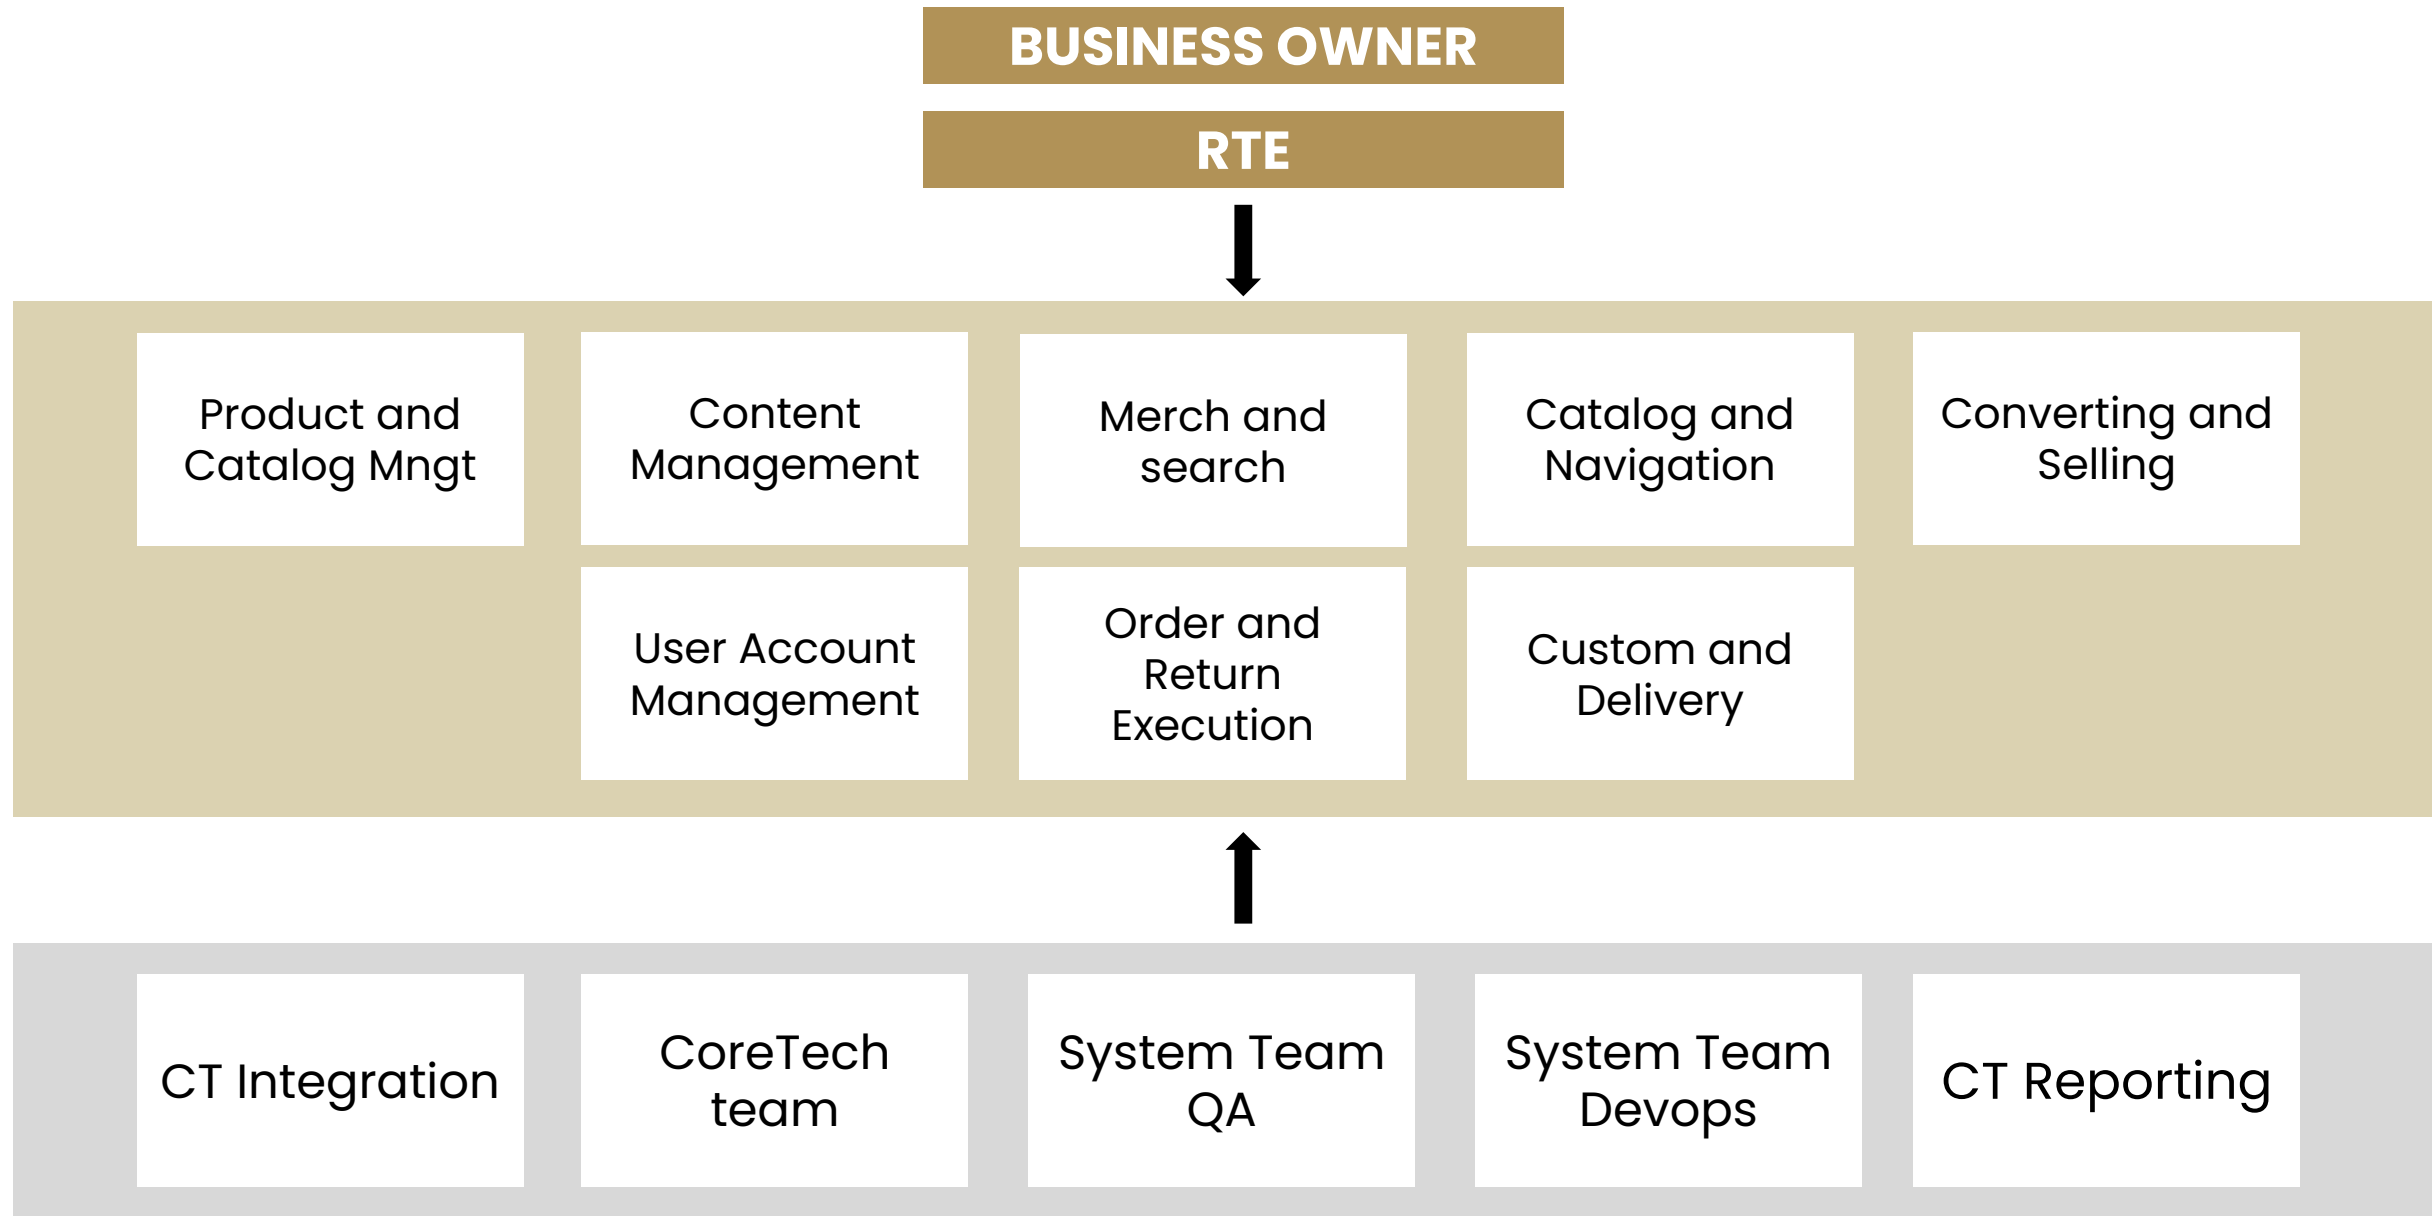

- BO and RTE as key pillars
- Close collaboration PM, SA and PO
- Scrum Masters, devs and Qa integrated in Product teams

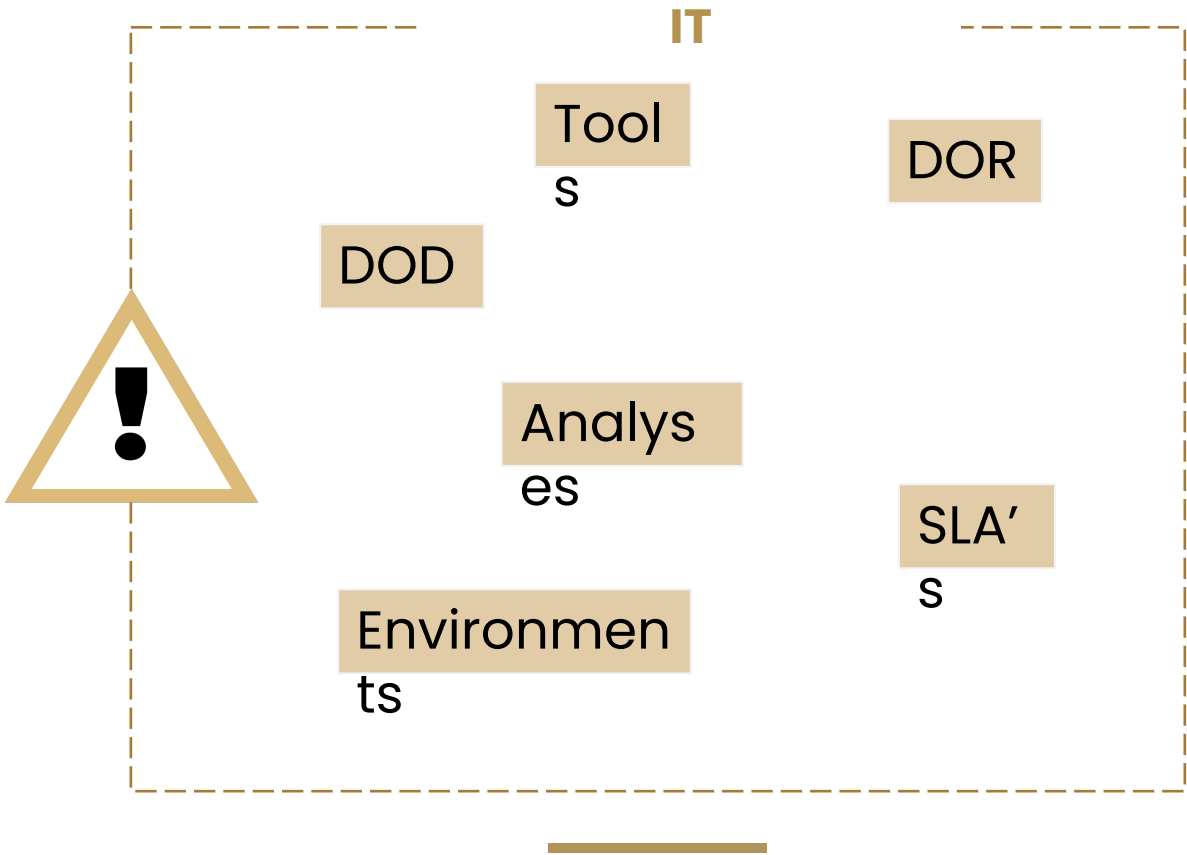

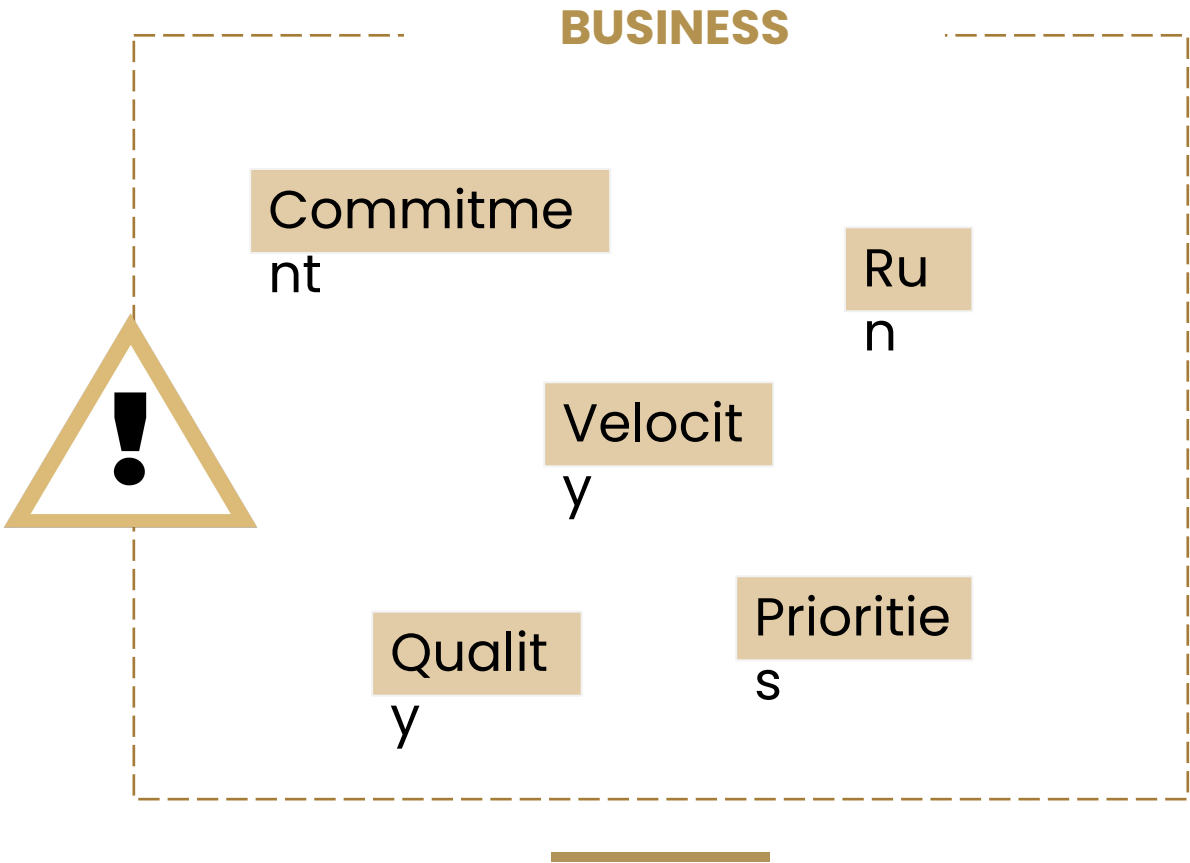

60+ applications

Front end InHouse dev

~**150 FTE**, several suppliers & in different teams

How to ensure IT & Business will consider this transformation a success through common lenses?

1. RUN PRIORITIZATION

- Tech Monitoring
- BAM
- Release management process
- Accountability of PMs and POs on releases validation

2. TRANSFORMATION

- Capacity allocation for transformation
- RTE in charge of 360° improvement plan with scrum masters
- Tools deployment plan (CI/CD, Test,...)
- Rules progressive reinforcement (DOR, DOD, ...)

3. MANAGEMENT ROLES

- Building mutual trust
- Empowering teams and fostering autonomy
- Defining clear priorities
- Removing roadblocks

4. COMMUNICATION

- Weekly for managers, by PMs
- Scrum of scrum masters
- Architecture board
- Newsletters

PI Planning
Confidence
Vote

Run management

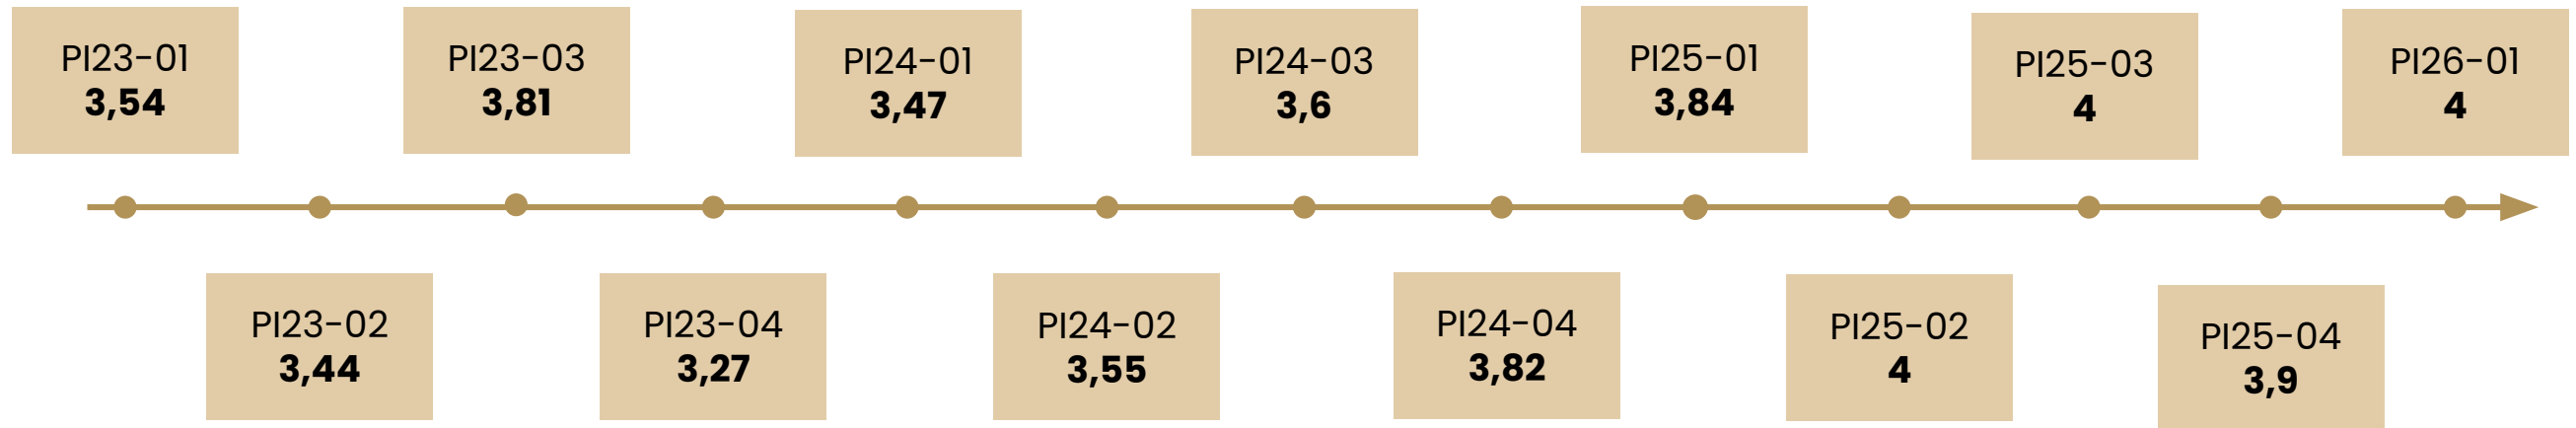

- Definition of SLA
- Integration of L2 in the train

Capacity Management

- Strategic Portfolio Review
- Epic / Feature/ Run capacities

Room PM/SA set-up

- Dedicated day for the ceremony
- PM & SA analysis capacity Vs analysis workload comparison

Feature Readiness

- Improve feature DOR
- Analysis commitment by sprint
- Readiness validation by delivery team

Sprint IP Challenge – Hackathon

- Innovation & Performance initiatives
- Boosters & Enablers for business initiatives

Cross-train coordination

- Pre-PI & Post-PI for interdependencies management
- Cross-train ART Sync meeting
- Release synchronisation
- QA Synchronisation meeting (Integration tests)

HOW DOES IT WORK TODAY?
Activities managed by product teams

EPIC / PROJECT

- Working with EO/IT Leads on Epics (ie transversal multi-product projects, with significant investment)
 - Break down the Epics into features for analysis
- 1 PI of study
 - 1 PI of feature analysis
 - 1 PI or several of build

Ex: New country opening

40%

PRODUCT EVOLUTIONS (Features)

- Demands impacting only one product
 - Evolutions of existing solutions
 - At the product initiatives or from external requests
- 1 PI of analysis
 - 1 PI of build
 - + can be fast tracked

Ex: New payment method

20%

SMALL EVOLUTIONS & RUN (Story)

- Continuous improvement
 - Business punctual requests
 - Corrective and proactive maintenance
 - Incident & Problem management
- 1 sprint of build

Ex: changes in My Account form

40%

Strategical projects for the Maison

Demands / Requests from management

Sponsors Validation

EPIC scoping - EO, EA, IT Leads Translate it into Business case

SPR, QBR & Priorized in analysis by BO

EPIC study - EO, EA, IT Leads study the EPIC

SPR, QBR & Priorized in dev by BO

PM SA feature analysis

Build of the feature by the dev team

PM PO to oversea roll-out, run & perf

Priorized in analysis by BO

Demands / Requests from business, IT, zones

PMs initiatives

Priorized in dev by BO

PM SA feature analysis

Build of the feature by the dev team

PM PO to oversea roll-out, run & perf

Priorized by PMs / PO

PM/SA prioritize with PO / dev team in the sprints

PM PO to oversea roll-out, run & perf

Sprint IP

MEETING	OBJECTIVES
ART SYNC ANALYSIS & DELIVERY	To synchronize all teams about risks, interdependencies which could impact the PI committments
INSPECT & ADAPT	Review the work performed at the end of the current period of work, demo the items done and reflect on the performance of the team to improve for next period
ROOM PM/SA	Planning the next period of work – focus feature analysis
PI PLANNING	Planning the next period of work – focus feature delivery
HACKATHON	Implement and demonstrate technical & business Innovation/ performance ideas

TRUST & TRANSPARENCY...

1

...ARE KEY TO EMPOWER AUTONOMY AND ACCOUNTABILITY

How to maintain this mindset despite people turnover?

PRODUCT ORGANIZATION...

2

...IS VERY POWERFUL DURING A LARGE **BUILDING PHASE**

How to adapt our organization when investment is lower?

GenAI...

3

...IS BECOMING A REALITY

How will GenAI impact our organization?
How will GenAI impact our ways of working ?

BUDGETING ...

4

...IS NOT ALWAYS ALIGNED WITH AGILE MINDSET

How to conciliate a capacity-based approach and a project-based budgeting process?

// **Very close collaboration**

// **Transparency and solidarity are key**

// **Best delivery ever**

THANK YOU
