- 100+ Governments data-exchange

OUR —

Dutch Tax Office

COMPLEXITY

- Many Layers & Priorities
- Slow Decision making
- Politics & Laws
- Complex legacy IT systems
- Mistakes immediately in media

Belastingdienst

**We are the
business card
of the tax office**

Tax Administration

Our SAFe-Journey

Engagement

Time to Market

Productivity

Quality

2017

2027

“Supporting citizens
and businesses with

**seamless, user-centered
online interactions**

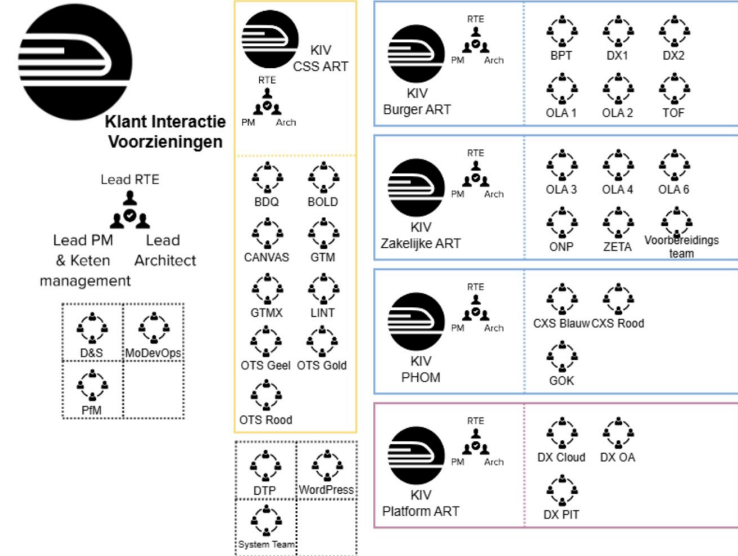

and continuously improving our
services for an unified experience”

Our Solution ART : Customer Interaction Services

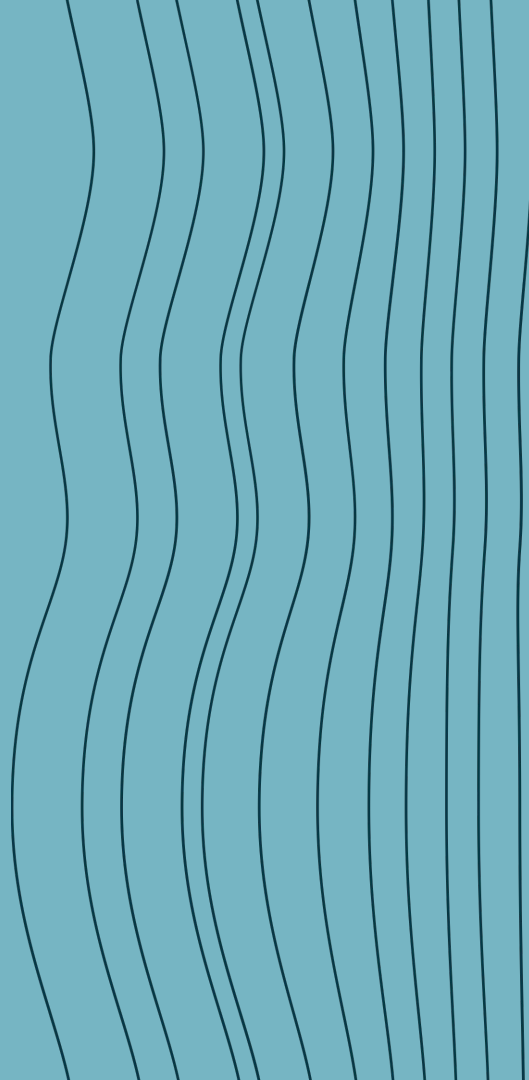

Big room PI Planning @ Omnisport

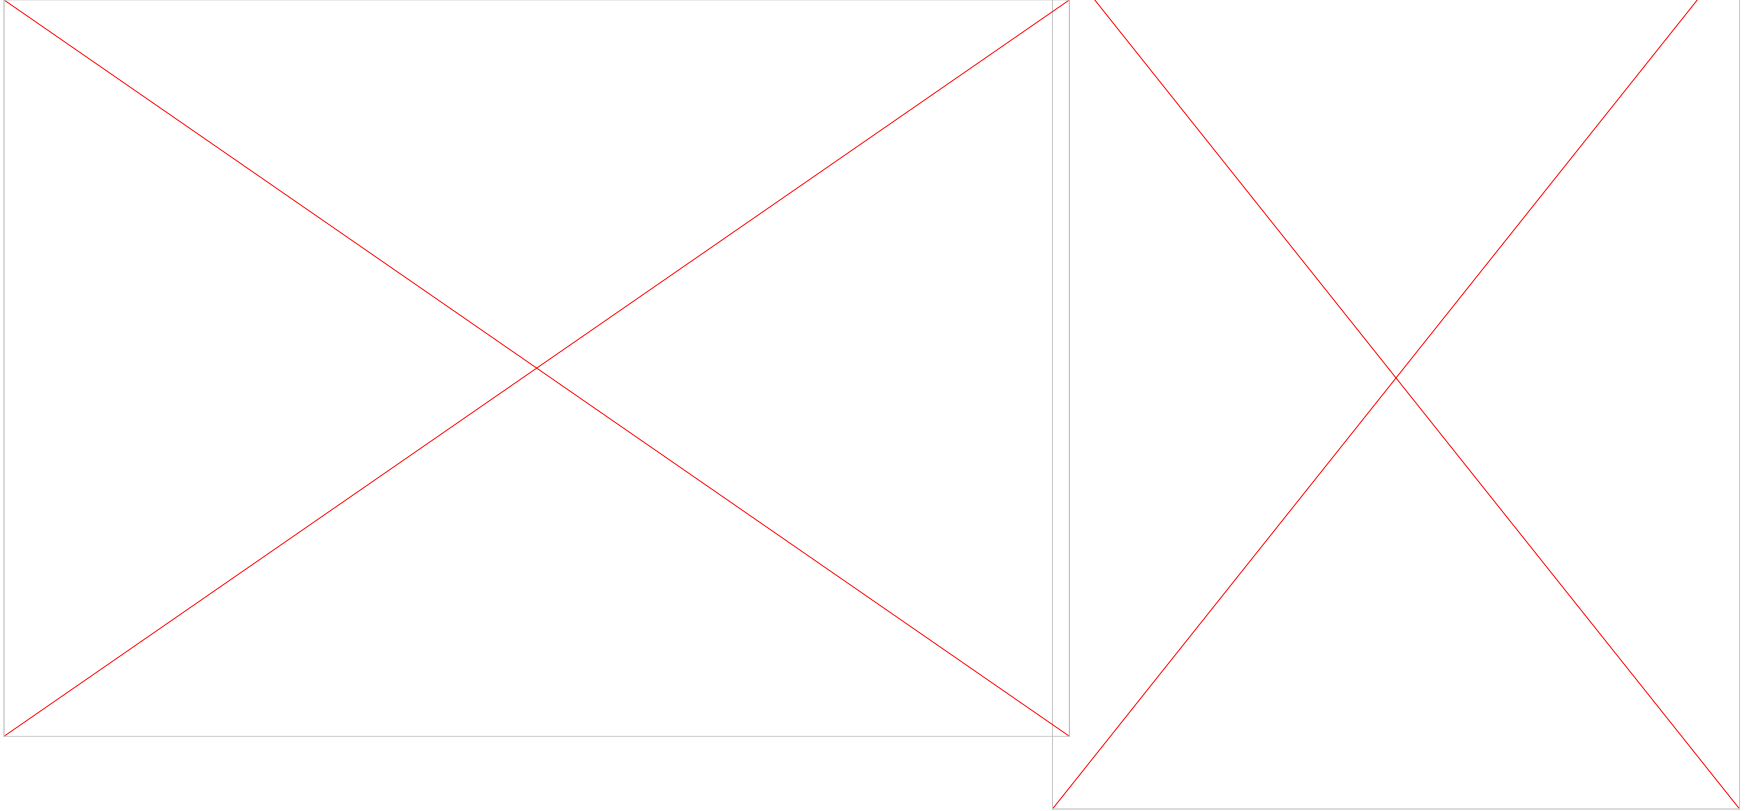

> 400 professionals in 34 teams in 5 ART's

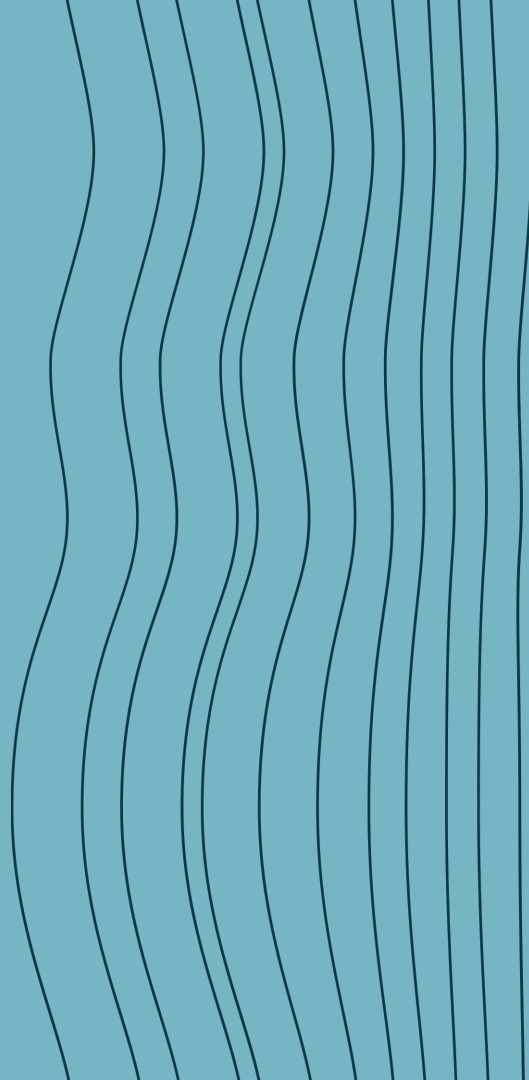

**“Frameworks alone don’t create
flow, leadership & purpose does”**

Lean-Agile Leadership

Best Practices

Best Practice #1: Our Purpose (aka “De Bedoeling”)

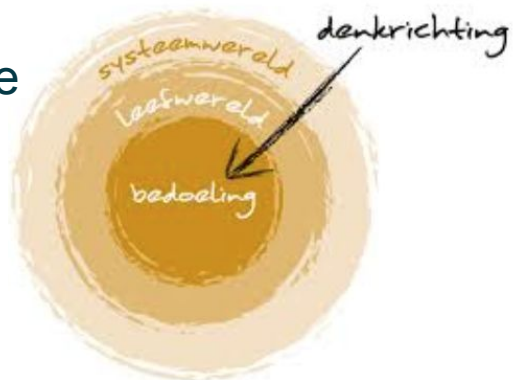

**“Are we doing this because we
should**

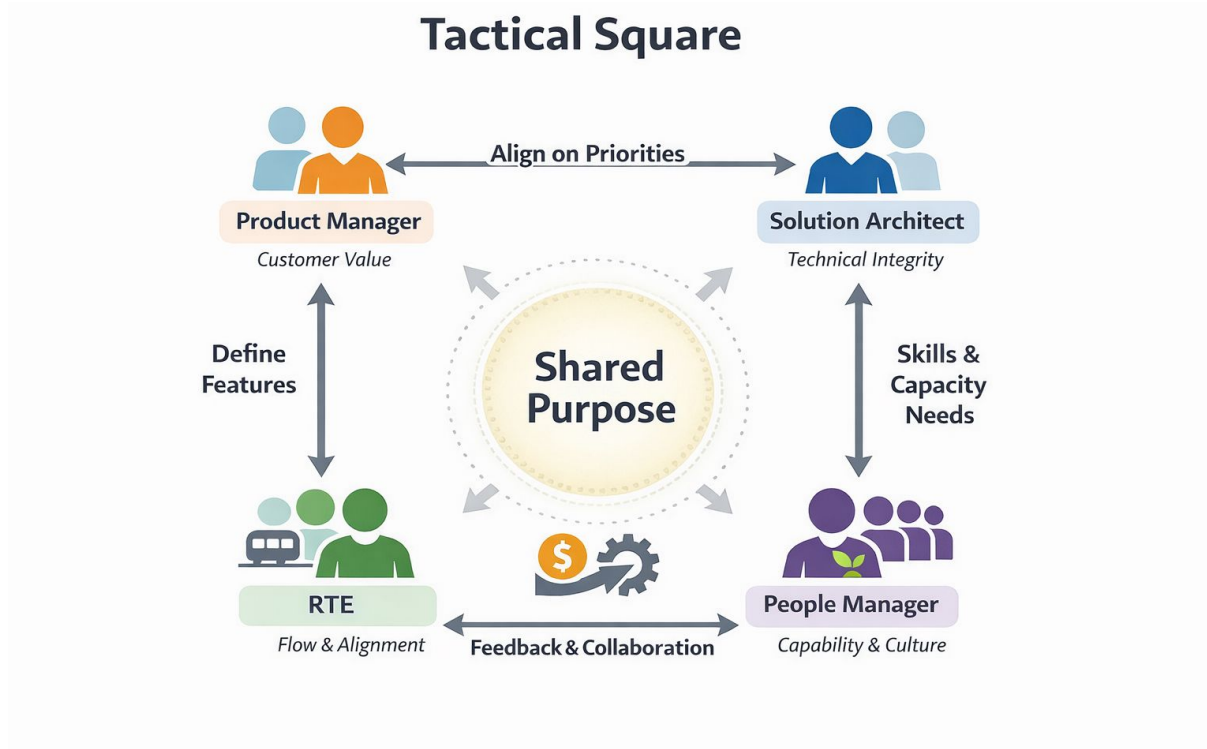

or

**are we doing this because
it helps?”**

#1 Work with purpose

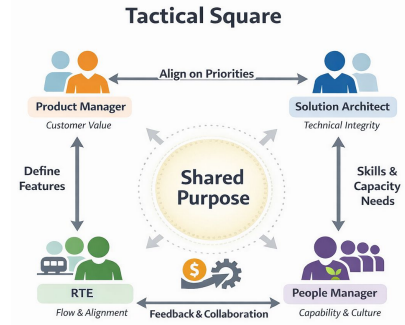

Best Practice #2: People managers in the Tactical Square

#1 Work with purpose

#2 The role of People Manager & the people central

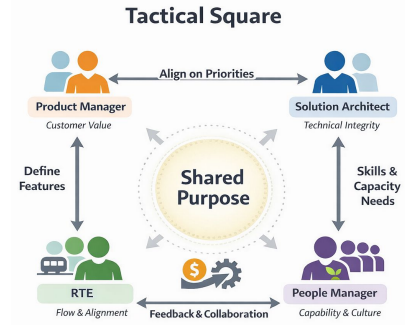

Best Practice #3: Bring it to the teams

#1 Work with purpose

#2 The role of People Manager & the people central

#3 Bring it to the teams

Best Practice #4 Setbacks are for learning

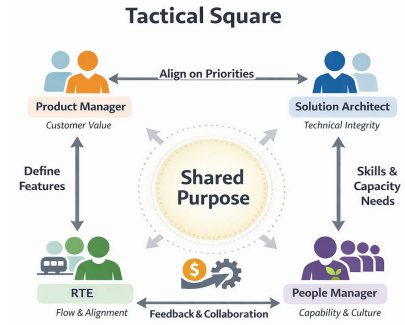

Setbacks are the ideal moment to show what you've learned and highlight your culture

#1 Work with purpose

#2 The role of People Manager & the people central

#3 Bring it to the teams

#4 Setbacks are for learning

Q&A – Your Questions?

Also **share** your **setbacks** –
How did you act **when things got hard?**

THANK YOU
